

OYSAN Academy Cup Award

In season 2007-08, OYSAN initiated the Academy Cup Awards, which are contested each spring at US Youth Soccer National Championship Series State Cup. The awards recognize the Ohio North club which accumulates the most points across the three developmental divisions: U-10, U-11 and U-12. Boys and girls are recognized separately.

The Academy Cup awards were designed to increase the player-bases at the youngest ages and promote the inclusion of players who might otherwise be denied important developmental opportunities.

Beginning in spring 2010, the number of teams per age group required to compete for the OYSAN Academy Cup will increase as follows...

	2010	2011
U-10	Two Teams	Three Teams
U-11	One Teams	Two Teams
U-12	One Team	One Team
